Attached is our proposed report on H.R. 12048, a bill amending the rule-making provisions of the Administrative Procedure Act. This will also serve as our report on S. 796, a bill with substantially the same provisions. Both of these bills are attached. The House Judiciary Committee may report H.R. 12048 within the next two or three weeks; therefore we should get our comments to OMB as soon as possible. Could you please review the attached report on a priority basis. -to OLC by 8/11

We concur in the proposed letter to the committee chairman concerning H.R. 12048. See our penciled suggestions on page two. Also, would not "opposes" be stronger and less likely to be misread than "recommends against" on page three?
